New Issue

**PROSPECTUS SUPPLEMENT
(To a Short Form Base Shelf Prospectus dated November 5, 2020)**

November 25, 2020

US\$50,001,750 (Maximum)

Up to 2,222,300 Class A Units

The Bitcoin Fund (the “Fund”) invests in the digital currency bitcoin. Given the speculative nature of bitcoin and the volatility of the bitcoin markets, there is considerable risk that the Fund will not be able to meet its investment objectives. An investment in the Fund is not intended as a complete investment program and is appropriate only for investors who have the capacity to absorb a loss of some or all of their investment. An investment in the Fund is considered high risk.

This prospectus supplement (this “Prospectus Supplement”), together with the short form base shelf prospectus dated November 5, 2020, qualifies the distribution of up to 2,222,300 Class A Units (the “Class A Units” or “Units”) of The Bitcoin Fund (the “Fund”) at a price of \$22.50 per Unit (the “Offering”). Unless otherwise noted herein, all references to “\$” are to the currency of the United States and all references to “C\$” in this Prospectus Supplement are to the currency of Canada.

The Fund is a closed-end investment fund established as a trust under the laws of the Province of Ontario pursuant to a declaration of trust dated as of March 31, 2020, as it may be amended from time to time (the “Declaration of Trust”).

The Fund seeks to provide Unitholders (as defined herein) of the Fund with: (a) exposure to digital currency bitcoin (“bitcoin”) and the daily price movements of the U.S. dollar price of bitcoin; and (b) the opportunity for long-term capital appreciation.

3iQ Corp. (the “Manager”) acts as trustee, manager, portfolio manager and promoter of the Fund and provides certain general management and administrative services required by the Fund.

The Class A Units are available to all investors and are listed on the Toronto Stock Exchange (the “TSX”) and trade in Canadian dollars under the symbol “QBTC” and in U.S. dollars under the symbol “QBTC.U” as of the date hereof. On November 24, 2020, the closing price on the TSX of the Class A Units was \$23.86 and C\$31.04. The most recently calculated NAV per Class A Unit prior to the pricing of the Offering on November 24, 2020 was \$21.29 and C\$27.67. The TSX has conditionally approved the listing of the Class A Units offered hereby. Listing will be subject to the Fund fulfilling all of the listing requirements of the TSX on or before December 24, 2020.

Price:
\$22.50 per Class A Unit

	<u>Price to the Public⁽¹⁾</u>	<u>Agent's Fee</u>	<u>Net Proceeds to the Fund⁽²⁾</u>
Per Class A Unit (US\$)	\$22.50	\$0.90	\$21.60
Total Maximum Offering ⁽³⁾	\$50,001,750	\$2,000,070	\$48,001,680

Notes:

- ⁽¹⁾ The terms of the Offering were established through negotiation between the Agent (as defined herein) and the Manager on behalf of the Fund. The offering price per Class A Unit is equal to or exceeds the most recently calculated Net Asset Value per Class A Unit as at November 24, 2020, plus the per Unit Agent's fee and the expenses of the Offering.
- ⁽²⁾ Before deducting the expenses of the Offering which are estimated to be \$250,000. Such expenses, together with the Agent's fee, will be paid out of the proceeds of the Offering, provided however that the expenses of the Offering to be borne by the Fund shall not exceed 1.5% of the gross proceeds of the Offering. Any such excess expenses shall be paid for by the Manager.
- ⁽³⁾ **Assuming only Class A Units denominated in U.S. dollars are sold under the Offering. There is no minimum amount of funds that must be raised under this Offering. This means that the Fund could complete this Offering after raising only a small portion of the offering amount set out above.**

Canaccord Genuity Corp. (the "Agent") conditionally offers the Class A Units, subject to prior sale, on a best efforts basis, if, as and when issued by the Fund and accepted by the Agent in accordance with the conditions contained in the Agency Agreement and subject to the approval of certain legal matters by Osler, Hoskin & Harcourt LLP, on behalf of the Fund, and Blake, Cassels & Graydon LLP, on behalf of the Agent. See "*Plan of Distribution*".

An investment in Units involves a degree of risk. An investment in Units is appropriate only for investors who have the capacity to absorb a loss of some or all of their investment. It is important for prospective investors to consider the risk factors described in this Prospectus Supplement and the short form base shelf prospectus. See "*Risk Factors*".

Subscriptions will be received for the Units offered hereby, subject to rejection or allotment in whole or in part, and the right is reserved to close the subscription books at any time without notice. Closing of the Offering is expected to take place on November 30, 2020 but in any event no later than December 14, 2020. A purchaser of Units will receive only a customer confirmation from the registered dealer who is a CDS participant and from or through whom the Units are purchased. See "Description of the Units of the Fund – Book-Based System" in the accompanying short form base shelf prospectus.

IMPORTANT NOTICE ABOUT INFORMATION IN THIS PROSPECTUS SUPPLEMENT AND THE ACCOMPANYING SHORT FORM BASE SHELF PROSPECTUS

This document is in two parts. The first part is the Prospectus Supplement, which describes certain terms of the Units the Fund is offering and also adds to and updates certain information contained in the Prospectus and the documents incorporated by reference herein and therein. The second part is the Prospectus, which provides more general information. The accompanying short form base shelf prospectus is referred to as the “Prospectus” in this Prospectus Supplement.

If the description of the Units varies between this Prospectus Supplement and the Prospectus, you should rely on the information in this Prospectus Supplement.

FORWARD LOOKING STATEMENTS

Certain statements in this Prospectus Supplement are forward-looking statements, including those identified by the expressions “anticipate”, “believe”, “plan”, “estimate”, “expect”, “intend”, “target”, “seek”, “will” and similar expressions to the extent they relate to the Fund and the Manager. Forward-looking statements are not historical facts but reflect the current expectations of the Manager regarding future results or events. Such forward-looking statements reflect the Manager’s current beliefs and are based on information currently available to them. Forward-looking statements involve significant risks and uncertainties. A number of factors could cause actual results or events to differ materially from current expectations including global economic conditions. Although the forward-looking statements contained in this Prospectus Supplement are based upon assumptions that the Manager believes to be reasonable, neither the Fund nor the Manager can assure investors that actual results will be consistent with these forward-looking statements. The forward-looking statements contained herein were prepared for the purpose of providing prospective investors with information about the Fund and may not be appropriate for other purposes. Neither the Fund nor the Manager assumes any obligation to update or revise them to reflect new events or circumstances, except as required by law.

ELIGIBILITY FOR INVESTMENT

In the opinion of Osler, Hoskin & Harcourt LLP, counsel to the Fund, and Blake, Cassels & Graydon LLP, counsel to the Agent, provided that the Fund qualifies as a “mutual fund trust” within the meaning of the Tax Act or if the Class A Units are listed on a “designated stock exchange” within the meaning of the Tax Act (which currently includes the TSX), such Class A Units would be a qualified investment for trusts governed by registered retirement savings plans (“RRSP”), registered retirement income funds (“RRIF”), deferred profit sharing plans, registered disability savings plans (“RDSP”), tax-free savings accounts (“TFSA”) and registered education savings plans (“RESP”, and collectively, “Registered Plans”).

However, in the case of a TFSA, a RRSP, a RRIF, a RDSP, and a RESP, if the holder of such TFSA or RDSP, the subscriber of such RESP, or annuitant under such RRSP or RRIF, as the case may be, holds a “significant interest” in the Fund, or if such holder, subscriber or annuitant does not deal at arm’s length with the Fund for purposes of the Tax Act, the Class A Units will be a “prohibited investment” for such TFSA, RDSP, RESP, RRSP or RRIF. If Class A Units are a “prohibited investment” for a TFSA, RDSP, RESP, RRSP or RRIF that acquires such Class A Units, the holder of the TFSA or RDSP, subscriber of the RESP, or annuitant under the RRSP or RRIF will be subject to a penalty tax as set out in the Tax Act. Generally, a holder, subscriber or annuitant will not be considered to have a “significant interest” in the Fund unless the holder, subscriber or annuitant owns 10% or more of the value of the outstanding units of the Fund, either alone or together with persons and partnerships with which the holder, subscriber or annuitant does not deal at arm’s length. Holders of TFSAs and RDSPs, subscribers of RESPs, and annuitants under RRSPs and RRIFs should consult their own tax advisors to ensure Class A Units would not be a “prohibited investment” for purposes of the Tax Act in their particular circumstances. See “Canadian Federal Income Tax Considerations – Status of the Fund”.

DOCUMENTS INCORPORATED BY REFERENCE

This Prospectus Supplement is deemed, as of the date hereof, to be incorporated by reference into the Prospectus for the purposes of the distribution of the Units offered hereby. Other documents are also incorporated or deemed to be incorporated by reference into the Prospectus and reference should be made to the Prospectus for full details.

The following documents filed with the securities commissions or similar authorities in each of the provinces and territories of Canada are specifically incorporated by reference and form an integral part of this Prospectus Supplement and the Prospectus:

- (a) the annual information form of the Fund dated August 31, 2020 for the period ended July 31, 2020;
- (b) the audited interim financial statements of the Fund, together with the accompanying report of the auditor, as at and for the period ended June 30, 2020; and
- (c) the interim management report of fund performance of the Fund for the period ended June 30, 2020.

Any of the documents of the type referred to above, including any material change reports (excluding confidential material change reports), annual information forms, interim and annual financial statements and related management reports of fund performance, business acquisition reports and information circulars filed by the Fund with a securities commission or similar authority in Canada after the date of this Prospectus Supplement and prior to the termination of the Offering, will be deemed to be incorporated by reference in this Prospectus Supplement.

Any statement contained in this Prospectus Supplement, the Prospectus or in a document incorporated or deemed to be incorporated by reference in this Prospectus Supplement or the Prospectus shall be deemed to be modified or superseded for the purposes of this Prospectus Supplement or the Prospectus, as the case may be, to the extent that a statement contained in this Prospectus Supplement or in any other subsequently filed document that also is or is deemed to be incorporated by reference in this Prospectus Supplement modifies or supersedes that statement. The modifying or superseding statement need not state that it has modified or superseded a prior statement or include any other information set forth in the document that it modifies or supersedes. The making of a modifying or superseding statement shall not be deemed to be an admission for any purposes that the modified or superseded statement, when made, constituted a misrepresentation, an untrue statement of a material fact or an omission to state a material fact that is required to be stated or that is necessary to make a statement not misleading in light of the circumstances in which it was made. Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Prospectus Supplement or the Prospectus.

Copies of the documents incorporated herein by reference may be obtained on request without charge from the Fund at its head office located at 4800-1 King Street West, Suite 160, Toronto, Ontario M5H 1A1, or by calling (416) 639-2130, and are also available electronically at www.sedar.com.

THE FUND

The Bitcoin Fund is a closed-end investment fund established as a trust under the laws of the Province of Ontario pursuant to a declaration of trust dated as of March 31, 2020, as it may be amended from time to time (the “Declaration of Trust”). 3iQ Corp. acts as trustee, manager, portfolio manager and promoter of the Fund and provides certain general management and administrative services required by the Fund. The principal office of the Fund is located at 4800-1 King Street West, Toronto, Ontario M5H 1A1.

The Fund is authorized to issue an unlimited number of Class A Units and Class F Units. The Class A Units are listed on the TSX and trade in Canadian dollars under the symbol “QBTC” and in U.S. dollars under the symbol “QBTC.U”. The attributes of the Class A Units are described under “Description of the Units of the Fund”. As of November 24, 2020, 12,345,834 Class A Units were issued and outstanding.

On November 10, 2020, the Fund issued 1,050,000 Class A Units pursuant to a treasury offering. The gross proceeds raised by the Fund were C\$25,200,000 (the “November Offering”).

On November 20, 2020, the Fund issued 2,850,000 Class A Units pursuant to a treasury offering. The gross proceeds raised by the Fund were C\$75,525,000 (the “Second November Offering”).

The Fund issued an aggregate of 2,001,677 Class A Units pursuant to private placements between July 1, 2020 and November 24, 2020. The aggregate gross proceeds raised by the Fund were \$28,062,305.

This Prospectus Supplement qualifies for distribution up to 2,222,300 Class A Units of the Fund at a price of \$22.50 per Unit (the “Offering”). The Class A Units are U.S. dollar denominated and are not available for purchase under the Offering in Canadian dollars. The Offering price per Unit was established so as to be non-dilutive to the most recently calculated NAV per Unit on November 24, 2020, plus the per Unit Agent’s fee and the expenses of the Offering.

The Fund may also undertake at-the-market distributions in accordance with applicable securities laws.

Investment Objectives

The Fund’s investment objectives are to seek to provide Unitholders of the Fund with:

- (a) exposure to digital currency bitcoin and the daily price movements of the U.S. dollar price of bitcoin; and
- (b) the opportunity for long-term capital appreciation.

Investment Strategies

To achieve its investment objectives, the Fund invests in long-term holdings of bitcoin, purchased from reputable bitcoin trading platforms and OTC counterparties, in order to provide investors with a convenient, safer alternative to a direct investment in bitcoin.

Bitcoin trading platforms are spot markets in which bitcoin can be exchanged for U.S. dollars. Bitcoin trading platforms are not regulated as securities exchanges or commodity futures exchanges under the securities or commodity futures laws of Canada, the United States or other global jurisdictions. The Manager seeks to ensure that the bitcoin trading platforms on which the Fund transacts are reputable, stable and in compliance with AML Regulation.

The Fund does not speculate with regard to short-term changes in bitcoin prices. The Fund will provide investors with the ability to effectively invest in bitcoin without the inconvenience and additional transaction and storage costs associated with a direct investment in bitcoin.

The Fund does not and will not hedge any U.S. dollar currency exposure back to the Canadian dollar.

Leverage

Generally, the Fund does not intend to borrow money or employ other forms of leverage to acquire bitcoin. However the Fund may, and in the case of the Offering expects to, borrow money on a short term basis to acquire bitcoin in anticipation of the closing in an amount not to exceed 25% of the Net Asset Value of the Fund.

Use of Derivatives

The Manager may use derivative instruments, the underlying interest of which is bitcoin, for non-hedging purposes consistent with the Fund's investment objectives and investment strategies to gain exposure to bitcoin, subject to its investment restrictions. For example, the Fund may trade in bitcoin futures listed on the Chicago Mercantile Group (CME:BTC) and other commodity futures exchanges regulated by the United States Commodity Futures and Trading Commission. Any trading in derivatives by the Fund is incidental to the Fund's core investment strategy of investing in the bitcoin. The Fund will not transact in any derivative instrument if, as a result of such transaction, the Fund's aggregate exposure to derivatives would exceed 5% of the Net Asset Value of the Fund.

Investment Restrictions

The Fund is subject to certain investment restrictions and practices contained in securities legislation, including NI 81-102, that, among other things, limit the assets that the Fund may acquire for its portfolio. The Fund's investment restrictions are designed in part to ensure the proper administration of the Fund and that the Fund is managed in accordance with these restrictions and practices. The Fund's investment restrictions may not be changed without approval by resolution passed by at least 66% of the votes cast by holders of Class A Units and Class F Units voting thereon who attend in person or by proxy and vote at a meeting called for such purpose. The Fund's investment restrictions provide that the Fund may:

- (a) not invest less than 90% of its total assets in bitcoin;
- (b) not invest in securities of bitcoin related companies, technologies or business ventures;
- (c) purchase debt securities only if such securities are cash equivalents;
- (d) not borrow or enter into any leverage transaction other than as described above under "The Fund – Investment Strategies – Leverage";
- (e) except as set forth under "The Fund – Investment Strategies – Use of Derivatives", not purchase derivatives or enter into derivatives or other transactions;
- (f) not undertake any activity, take any action, omit to take any action or make or hold any investment that would result in the Fund failing to qualify as a "mutual fund trust" within the meaning of the Tax Act;
- (g) not make or hold any investment that would result in the Fund becoming a "SIFT trust" within the meaning of subsection 122.1(1) of the Tax Act;
- (h) not invest in: (i) any security that is an offshore investment fund property that would require the Fund to include significant amounts in the Fund's income pursuant to section 94.1 of the Tax Act; or (ii) any interest in a non-resident trust that would require the Fund to include amounts in income in connection with such interest pursuant to sections 91, 94 or 94.2 of the Tax Act;
- (i) not invest in any security that would be a "tax shelter investment" within the meaning of the Tax Act; and
- (j) not invest in any security of an issuer that would be a foreign affiliate of the Fund for purposes of the Tax Act.

INVESTMENT OVERVIEW

The Fund invests substantially all of its assets in bitcoin. Bitcoin is a digital asset that is not issued by any government, bank or central organization. Bitcoin is based on the decentralized, open source protocol of the peer-to-peer bitcoin computer network (the “Bitcoin Network”), which creates the decentralized public transaction ledger, known as the “blockchain”, on which all bitcoin transactions are recorded. Movement of bitcoin is facilitated by a digital, transparent and immutable ledger, enabling the rapid transfer of value across the internet without the need for centralized intermediaries. The Bitcoin Network software source code includes the protocol that governs the creation of bitcoin and the cryptographic operations that verify and secure bitcoin transactions.

The Manager expects that bitcoin will be purchased for the Fund from bitcoin trading platforms and OTC counterparties (each, a “Bitcoin Source”). The Manager will conduct due diligence on each proposed Bitcoin Source prior to transacting with such Bitcoin Source in order to confirm its reputation and stability, including by conducting research on the executive officers and significant shareholders of the Bitcoin Source and the regulatory regime, if any, applicable to the Bitcoin Source. The Manager will also confirm that each Bitcoin Source maintains appropriate know-your-client (KYC) policies and procedures and will not transact with any person or entity that is on a list of designated persons or entities established and maintained under applicable AML Regulation in the jurisdiction of the Bitcoin Source. The Manager will ensure that each Bitcoin Source has its head office in a jurisdiction which is a member of the FATF or its global network of FATF-Style Regional Bodies.

The Manager expects that the Fund’s Bitcoin Sources will include Gemini, Genesis Global Trading, Inc., Tagomi, Coinbase Pro and other New York State Department of Financial Services regulated trading platforms and OTC counterparties that are regulated as broker-dealers by the U.S. Securities and Exchange Commission.

The Manager will determine where to place the Fund’s bitcoin orders based on the price and liquidity available through the Bitcoin Sources with a view to achieving best execution for the Fund. Once a bitcoin order has been executed and allocated to the Fund, the Manager reviews and approves the transaction. Upon approval, the Custodian is notified and payment for the trade is settled. Once the Sub-Custodian receives the bitcoin on behalf of the Fund, the Manager immediately places the bitcoin in cold storage, ensuring that such bitcoin is allocated to the Fund’s account on a segregated basis with the Sub-Custodian.

For further information regarding bitcoin (including its supply and volatility), the Bitcoin Network and bitcoin trading platforms, see “The Fund – Investment Overview” in the accompanying Prospectus.

CONSOLIDATED CAPITALIZATION

The Fund is authorized to issue an unlimited number of redeemable units of an unlimited number of classes, each of which represents an equal and undivided beneficial interest in the net assets and net income of the Fund attributable to such class. As of the date hereof, an unlimited number of Class A Units and Class F Units are authorized for issuance.

- (1) Based on NAV as at June 30, 2020.
- (2) Assuming only Class A Units denominated in U.S. dollars are sold under the Offering. After giving effect to the issuance of an aggregate of 2,001,677 Class A Units (aggregate net proceeds equal to \$28,062,305), by way of private placements, between July 1, 2020 and November 24, 2020.

USE OF PROCEEDS

The net proceeds to be received by the Fund assuming the maximum Offering and that only Class A Units denominated in U.S. dollars are sold under the Offering, will be \$47,751,680 after deducting the Agent's fee and the expenses of the Offering, estimated to be \$2,250,070. The Fund intends to use the net proceeds of the Offering in accordance with the Fund's investment objectives, investment strategies and investment restrictions. See "The Fund – Investment Objectives", "The Fund – Investment Strategies" and "The Fund – Investment Restrictions".

DESCRIPTION OF THE UNITS OF THE FUND

The Units

The Fund is authorized to issue an unlimited number of redeemable units of an unlimited number of classes, each of which represents an equal and undivided beneficial interest in the net assets and net income of the Fund attributable to such class. As of the date hereof, an unlimited number of Class A Units and Class F Units are authorized for issuance.

Units are available to all investors.

Each Unit entitles the holder to the same rights and obligations as a Unitholder and no Unitholder is entitled to any privilege, priority or preference in relation to any other holder of Units other than as set out herein. Each Unitholder is entitled to one vote for each Unit held and is entitled to participate equally with respect to any and all distributions made by the Fund, including distributions of net realized capital gains, if any. On the redemption of Units, however, the Fund may in its sole discretion, designate payable to redeeming Unitholders, as part of the redemption price, any capital gains realized by the Fund in the taxation year in which the redemption occurred. On termination or liquidation of the Fund, Unitholders of record are entitled to receive on a *pro rata* basis all of the assets of the Fund remaining after payment of all debts, liabilities and liquidation expenses of the Fund.

The Fund does not intend to pay distributions to Unitholders. On an annual basis, the Fund will ensure that its income and net realized capital gains, if any, have been distributed to Unitholders to such an extent that the Fund will not be liable for ordinary income tax thereon. To the extent that the Fund has not distributed the full amount of its net income or capital gains in any year, the difference between such amount and the amount actually distributed by the Fund will be paid as a "reinvested distribution". Reinvested distributions by the Fund, net of any required withholding taxes, will be reinvested automatically in additional Units at a price equal to the Net Asset Value per Unit and the Units will be immediately consolidated such that the number of outstanding Units following the distribution will equal the number of Units outstanding prior to the distribution. In addition to the distributions described above, the Fund may from time to time pay additional distributions on its Units, including without restriction in connection with a special distribution or in connection with returns of capital.

On December 16, 2004, the *Trust Beneficiaries' Liability Act, 2004* (Ontario) came into force. This statute provides that holders of units of a trust are not, as beneficiaries, liable for any act, default, obligation or liability of the trust if, when the act or default occurs or the liability arises, (a) the trust is a reporting issuer under the *Securities Act* (Ontario); and (b) the trust is governed by the laws of the Province of Ontario. The Fund is a reporting issuer under the *Securities Act* (Ontario) and the Fund is governed by the laws of the Province of Ontario by virtue of the provisions of the Declaration of Trust.

Annual Redemptions

Units may be redeemed at the option of Unitholders on the first business day following the 15th day of June in each year (each, an "Annual Redemption Date"), commencing on June 16, 2021, subject to the Fund's right to suspend redemptions in certain circumstances. Units so redeemed will be redeemed at a redemption price equal to the Net Asset Value per Unit on the Annual Redemption Date, less any costs and expenses associated with the redemption, including commissions incurred by the Fund to fund such redemption. Units must be surrendered for redemption on or before the last business day of the month of May preceding the applicable Annual Redemption Date (the "Annual Cut-Off Date"). Payment of the proceeds of redemption will be made on or before the 15th business day following the Annual Redemption Date.

Monthly Redemptions

Units may be surrendered at the option of Unitholders at any time for redemption on the first business day following the 15th day of each month, other than June, commencing in 2021 (each, a “Monthly Redemption Date”), subject to certain conditions and, in order to effect such a redemption, the Units must be surrendered for redemption no later than 5:00 p.m. (Toronto time) on the last business day of the month prior to the applicable Monthly Redemption Date (the “Monthly Cut-Off Date”, and together with the Annual Cut-Off Date, the “Cut-Off Date”). Payment of the proceeds of redemption will be made on or before the 15th business day following the Monthly Redemption Date (the “Redemption Payment Date”).

Unitholders surrendering a Unit for redemption will receive a redemption price (the “Class A Redemption Price”) equal to the lesser of: (a) 95% of the Closing Market Price of a Unit; and (b) the Net Asset Value per Unit on the applicable Monthly Redemption Date less, in each case, any costs and expenses associated with the redemption, including commissions incurred by the Fund to fund such redemption. In any event, the Class A Redemption Price will not be an amount that is more than the Net Asset Value per Unit as of the Monthly Redemption Date.

Exercise of Redemption Right

A Unitholder who desires to exercise redemption privileges must do so by causing the CDS Participant through which the Unitholder holds its Units to deliver to CDS at its office in the City of Toronto on behalf of the Unitholder, a written notice of the Unitholder’s intention to redeem Units by no later than 5:00 p.m. (Toronto time) on the applicable Cut-Off Date. A Unitholder who desires to redeem Units should ensure that the CDS Participant is provided with notice of the Unitholder’s intention to exercise its redemption right sufficiently in advance of the applicable Cut-Off Date so as to permit the CDS Participant to deliver a notice to CDS by 5:00 p.m. (Toronto time) on the applicable Cut-Off Date.

By causing a CDS Participant to deliver to CDS a notice of the Unitholder’s intention to redeem Units, the Unitholder will be deemed to have irrevocably surrendered its Units for redemption and appointed such CDS Participant to act as its exclusive settlement agent with respect to the exercise of such redemption privilege and the receipt of payment in connection with the settlement of obligations arising from such exercise, provided that the Manager may from time to time prior to the Annual Redemption Date or Monthly Redemption Date permit the withdrawal of a redemption notice on such terms and conditions as the Manager may determine, in its sole discretion, provided that such withdrawal will not adversely affect the Fund. Any expense associated with the preparation and delivery of the redemption notice will be for the account of the Unitholder exercising the redemption privilege.

Any redemption notice that CDS determines to be incomplete, not in proper form or not duly executed will, for all purposes, be void and of no effect and the redemption privilege to which it relates will be considered, for all purposes, not to have been exercised thereby. A failure by a CDS Participant to exercise redemption privileges or to give effect to the settlement thereof in accordance with a Unitholder’s instructions will not give rise to any obligations or liability on the part of the Fund or the Manager to the CDS Participant or the Unitholder.

Suspension of Redemptions

The Manager may suspend the redemption of Units or payment of redemption proceeds of the Fund with the prior permission of the securities regulatory authorities, for any period during which the Manager determines that conditions exist that render impractical the sale of assets of the Fund or that impair the ability of the Administrator to determine the value of the assets of the Fund. The suspension may apply to all requests for redemption received prior to the suspension but as to which payment has not been made, as well as to all requests received while the suspension is in effect. All Unitholders making such requests shall be advised by the Manager of the suspension and that the redemption will be effected at a price determined on the first Valuation Date following the termination of the suspension. All such Unitholders shall have and shall be advised that they have the right to withdraw their requests for redemption. The suspension shall terminate in any event on the first day on which the condition giving rise to the suspension has ceased to exist, provided that no other condition under which a suspension is authorized then exists. To the extent not inconsistent with official rules and regulations promulgated by any government body having jurisdiction over the Fund, any declaration of suspension made by the Manager shall be conclusive.

Book-Based System

Registrations of interests in, and transfers of, the Units will be made only through the book-based system of CDS and no physical certificates will be issued. For further information regarding the book-based system of CDS, see “The Fund – Book-Based System” in the accompanying Prospectus.

On November 24, 2020, the closing price of the Units on the TSX was \$23.86 and C\$31.04. The most recently calculated NAV per Unit prior to the pricing of the Offering on November 24, 2020 was \$21.29 and C\$27.69. As of November 24, 2020, Units were trading at a 12.1% premium to NAV.

PLAN OF DISTRIBUTION

Pursuant to an agreement dated as of November 25, 2020 (the “Agency Agreement”) among the Manager, the Fund and the Agent, the Agent has agreed to offer the Units for sale, as agent of the Fund, on a best efforts basis, if, as and when issued by the Fund. The offering price for the Units was established by negotiation between the Manager on behalf of the Fund and the Agent. The Agent will receive a fee equal to \$0.90 (4.0%) for each Unit sold and will be reimbursed for out of pocket expenses incurred. The Agent may form a sub-agency group including other qualified investment dealers and determine the fee payable to the members of such group, which fee will be paid by the Agent out of its fee. While the Agent has agreed to use its best efforts to sell the Units offered under this Prospectus Supplement, the Agent will not be obligated to purchase Units which are not sold.

Under the terms of the Agency Agreement, the Agent may, at its discretion on the basis of its assessment of the state of the financial markets and upon the occurrence of certain stated events, terminate the Agency Agreement. Subscriptions for Units will be received subject to rejection or allotment in whole or in part. The right is reserved to close the subscription books at any time without notice.

The Agent may not, throughout the period of distribution, bid for or purchase the Units. The foregoing restriction is subject to certain exemptions, as long as the bid or purchase is not engaged in for the purpose of creating actual or apparent active trading in, or raising the price of, the Units. These exceptions include a bid or purchase permitted under the by-laws and rules of applicable stock exchanges relating to market stabilization and passive market-making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution.

The TSX has conditionally approved the listing of the Units offered hereby. Listing will be subject to the Fund fulfilling all of the listing requirements of the TSX on or before December 24, 2020. Closing of the Offering is expected to take place on November 30, 2020 but in any event no later than December 14, 2020.

The Units have not been and will not be registered under the 1933 Act or any state securities laws and, subject to certain exemptions, may not be offered or sold within the United States or to U.S. persons. The Agent has agreed that it will not offer for sale or sell or deliver Units within the United States or to U.S. persons.

CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Osler, Hoskin & Harcourt LLP, counsel to the Fund, and Blake, Cassels & Graydon LLP, counsel to the Agent, the following is a summary of the principal Canadian federal income tax considerations under the Tax Act for the Fund and for a prospective investor in the Fund who, for the purpose of the Tax Act at all relevant times, is an individual (other than a trust), is resident in Canada, holds Units of the Fund as capital property, is not affiliated and deals at arm's length with the Fund, and has not entered into a "derivative forward agreement" (as defined in the Tax Act) with respect to Units of the Fund. This summary is based upon the current provisions of the Tax Act and regulations thereunder, the Tax Proposals and counsel's understanding of the current published administrative policies and assessing practices of the CRA publicly available prior to the date hereof. This summary does not take into account or anticipate any other changes in law whether by legislative, administrative or judicial action and it does not take into account provincial, territorial or foreign income tax legislation or considerations, which may differ from the considerations described below.

This summary is of a general nature only and is not exhaustive of all possible income tax considerations. Prospective investors should therefore consult their own tax advisors about their individual circumstances.

This summary assumes that at no time will the Fund be a SIFT trust. Even if units of the Fund are listed or traded on a stock exchange or other public market, provided the Fund only invests in bitcoin, the Fund should not be a SIFT trust; however, no assurance can be given in this regard.

Under the SIFT Rules, trusts or partnerships (defined as "SIFT trusts" and "SIFT partnerships", respectively) the securities of which are listed or traded on a stock exchange or other public market, and that hold one or more "non-portfolio properties" (as defined in the Tax Act), are effectively taxed on income and taxable capital gains in respect of such non-portfolio properties at combined rates comparable to the rates that apply to income earned and distributed by Canadian corporations. Distributions of such income received by unitholders of SIFT trusts (and allocations of such income made to members of SIFT partnerships) are treated as eligible dividends from a taxable Canadian corporation.

The SIFT Rules could affect the Fund and its Unitholders to the extent that the Fund is a SIFT trust to which the SIFT Rules apply, and the Fund earns income from non-portfolio property or taxable capital gains from the disposition of "non-portfolio property". Counsel believes that the SIFT Rules were not intended to apply to trusts such as the Fund and the Fund is subject to investment restrictions intended to restrict its ability to hold "non-portfolio property". If the Fund is considered to be a SIFT trust, "non-portfolio earnings" of the Fund will be subject to the tax under the SIFT Rules when such amounts are distributed by the Fund to its Unitholders and such distributions will be treated in the hands of such Unitholders as eligible dividends from a taxable Canadian corporation.

The Fund and its Unitholders are required to compute their income and gains for tax purposes in Canadian dollars. Amounts denominated in another currency generally must be converted into Canadian dollars based on the exchange rate quoted by the Bank of Canada on the date such amounts arise or such other rate of exchange as is acceptable to the CRA. Therefore, the amount of income, cost, proceeds of disposition and other amounts in respect of investments that are not Canadian dollar denominated will be affected by fluctuations in the exchange rate of the Canadian dollar against the relevant foreign currency.

Status of the Fund

This summary is based on the assumption that the Fund will comply at all material times with the conditions prescribed in the Tax Act and otherwise so as to qualify as a "mutual fund trust" as defined in the Tax Act. Counsel is advised that the Fund is expected to qualify as a "mutual fund trust" under the Tax Act at all material times. If the Fund were

to not qualify as a “mutual fund trust” for the purposes of the Tax Act for any period of time, the tax considerations could be materially different from those described below.

In the opinion of counsel, provided that the Fund qualifies as a “mutual fund trust” within the meaning of the Tax Act, or the Units continue to be listed on a “designated stock exchange” within the meaning of the Tax Act, such Units will be qualified investments for Registered Plans. However, in the case of a TFSA, a RRSP, a RRIF, a RDSP, and a RESP, if the holder of such TFSA or RDSP, the subscriber of such RESP, or annuitant under such RRSP or RRIF, as the case may be, holds a “significant interest” in the Fund, or if such holder, subscriber or annuitant does not deal at arm’s length with the Fund for purposes of the Tax Act, the Units of the Fund will be a “prohibited investment” for such TFSA, RDSP, RESP, RRSP or RRIF. If Units of the Fund are a “prohibited investment” for a TFSA, RDSP, RESP, RRSP or RRIF that acquires such Units, the holder of the TFSA or RDSP, subscriber of the RESP, or annuitant under the RRSP or RRIF will be subject to a penalty tax as set out in the Tax Act. Generally, a holder, subscriber or annuitant will not be considered to have a “significant interest” in the Fund unless the holder, subscriber or annuitant owns 10% or more of the value of the outstanding units of the Fund, either alone or together with persons and partnerships with which the holder, subscriber or annuitant does not deal at arm’s length. Holders of TFSAs and RDSPs, subscribers of RESPs, and annuitants under RRSPs and RRIFs should consult their own tax advisors to ensure Units of the Fund would not be a “prohibited investment” for purposes of the Tax Act in their particular circumstances.

At the date hereof, the assets of a pension plan may be invested in Units provided that the assets of such plan are invested in accordance with the applicable laws and regulations, investment criteria and statement of investment policies and procedures established for such pension plan. However, no purchase of Units should be made solely in reliance on the above general statement. A pension plan wishing to invest in Units should make its own assessment, including by consulting its advisors, of its ability to make such an investment in its particular circumstances.

Taxation of the Fund

The Fund will include in computing its income, taxable distributions received or deemed to be received on assets held by it, the taxable portion of capital gains realized by the Fund on the disposition of assets held by it, and other income. The Declaration of Trust requires that the Fund distribute its net income and net realized capital gains, if any, for each taxation year of the Fund to Unitholders to such an extent that the Fund will not be liable in any taxation year for ordinary income tax (after taking into account any applicable losses of the Fund and any capital gains refunds to which the Fund is entitled). If in a taxation year the income for tax purposes of the Fund exceeds the cash available for distribution by the Fund, the Fund will distribute its income through a payment of reinvested distributions.

The CRA has taken the administrative position that bitcoins are treated as a commodity for purposes of the Tax Act. The CRA has expressed the opinion that gains (or losses) of mutual fund trusts resulting from transactions in commodities should generally be treated for tax purposes as ordinary income rather than as capital gains, although the treatment in each particular case remains a question of fact to be determined having regard to all the circumstances. As the Fund intends to be a long-term holder of bitcoin, the Manager anticipates that the Fund will generally treat gains (or losses) as a result of any disposition of bitcoin as capital gains (or capital losses) although, depending on the circumstances, the Fund may instead include the full amount in (or deduct the full amount from) income.

Gains or losses on derivatives entered into by the Fund as a substitute for direct investment will be treated by the Fund on income account. Such gains or losses will be recognized for tax purposes at the time they are realized by the Fund.

If the Fund realizes capital gains as a result of a transfer or disposition of its property undertaken to permit an exchange or redemption of Units by a Unitholder, all or a portion of the amount received by the Unitholder may be designated and treated for income tax purposes as a distribution to the Unitholder out of such capital gains rather than being treated as proceeds of disposition of the Units. Legislative proposals released by the Minister of Finance (Canada) on July 30, 2019 proposed amendments to the Tax Act that would, effective for taxation years of the Fund beginning on or after March 19, 2019, deny the Fund a deduction for the portion of a capital gain designated to a Unitholder on a redemption of Units that is greater than the Unitholder’s accrued gain on those Units, where the Unitholders’ proceeds of disposition are reduced by the designation. If such proposed amendments to the Tax Act are enacted in their current form, any taxable capital gains that would otherwise have been designated to redeeming unitholders may be made payable to the remaining, non-redeeming Unitholders to ensure the Fund will not be liable for non-refundable income tax thereon. Accordingly, the amounts of taxable distributions made to Unitholders of the Fund may be greater than they would have been in the absence of such amendments.

Any losses incurred by the Fund may not be allocated to Unitholders, but may generally be carried forward and back and deducted in computing the taxable income of the Fund in accordance with the detailed rules and limitations in the Tax Act.

The Fund is subject to the suspended loss rules contained in the Tax Act. A loss realized on a disposition of capital property is considered to be a suspended loss when the Fund acquires a property (a “substituted property”) that is the same as or identical to the property disposed of, within 30 days before and 30 days after the disposition and the Fund owns the substituted property 30 days after the original disposition. If a loss is suspended, the Fund cannot deduct the loss until the substituted property is sold and is not reacquired within 30 days before and after the sale, which may increase the amount of net realized capital gains of the Fund to be made payable to its Unitholders.

Taxation of Unitholders

Distributions

A Unitholder will be required to include in the Unitholder’s income for tax purposes for any year the amount of net income and net taxable capital gains of the Fund, if any, paid or payable to the Unitholder in the year and deducted by the Fund in computing its income, whether or not such amounts are reinvested in additional Units. The non-taxable portion of any net realized capital gains of the Fund that is paid or payable to a Unitholder in a taxation year will not be included in computing the Unitholder’s income for the year and, provided appropriate designations are made by the Fund, will not reduce the adjusted cost base of the Unitholder’s Units. Any returns of capital will reduce the Unitholder’s adjusted cost base. To the extent that a Unitholder’s adjusted cost base would otherwise be a negative amount, the negative amount will be deemed to be a capital gain realized by the Unitholder and the Unitholder’s adjusted cost base will be nil immediately thereafter. The Fund will designate, to the extent permitted by the Tax Act, the portion of the net income distributed to Unitholders as may reasonably be considered to consist of net taxable capital gains realized or considered to be realized by the Fund. Any such designated amount will be deemed for tax purposes to be realized by Unitholders in the year as a taxable capital gain. Capital gains so designated will be subject to the general rules relating to the taxation of capital gains described below. Any loss of the Fund for purposes of the Tax Act cannot be allocated to, and cannot be treated as a loss of, the Unitholders of the Fund.

Merger

In connection with the Merger (as defined in the Prospectus), the Fund acquired the bitcoin held by 3iQ Bitcoin Trust on a fully tax-deferred basis, at an agreed upon cost per bitcoin equal to the 3iQ Bitcoin Trust’s agreed upon adjusted cost base of the bitcoin (C\$9,248.39 per bitcoin or C\$12,247,850.32 in aggregate), subject to the rules in the Tax Act. At any time when the market price of bitcoin is higher than the adjusted cost base of the bitcoin acquired by the Fund from 3iQ Bitcoin Trust, there will be a latent capital gain on the bitcoin transferred to the Fund at the time of the Merger, which if realized by the Fund will be allocated (net of any available capital losses or other applicable deductions) to all the Unitholders of the Fund for purposes of the Tax Act.

Composition of Distributions

Unitholders will be informed each year of the composition of the amounts distributed to them, including amounts in respect of both cash and reinvested distributions. This information will indicate whether distributions are to be treated as ordinary income, taxable capital gains and returns of capital, as those items are applicable.

Tax Implications of the Fund’s Distribution Policy

When a Unitholder acquires Units of the Fund, a portion of the price may reflect income and capital gains of the Fund that have not been realized or distributed. This may particularly be the case near year-end before year-end distributions have been made. When such income and capital gains are distributed by the Fund, they must be taken into account by the Unitholder in computing its income for tax purposes even though such amounts may have been reflected in the price paid by the Unitholder.

Disposition of Units

Upon the actual or deemed disposition of a Unit, including the exchange or redemption of a Unit, a capital gain (or a capital loss) will generally be realized by the Unitholder to the extent that the proceeds of disposition of the Unit exceed (or are less than) the aggregate of the adjusted cost base to the Unitholder of the Unit and any reasonable costs of disposition. In general, the adjusted cost base of all Units held by the Unitholder is the total amount paid for the Units (including brokerage commissions paid), regardless of when the investor bought them, less any returns of capital and less the adjusted cost base of any Units previously disposed of by the Unitholder. For the purpose of determining the adjusted cost base of Units to a Unitholder, when Units are acquired, the cost of the newly acquired Units will be averaged with the adjusted cost base of all Units owned by the Unitholder as capital property immediately before that time.

Where Units of the Fund are exchanged by the redeeming Unitholder for bitcoin, the proceeds of disposition to the Unitholder of the Units will be equal to the fair market value of the bitcoin so received, plus the amount of any cash received on the exchange, and less any capital gain realized by the Fund as a result of the transfer of the bitcoin which has been designated by the Fund to the Unitholder. If any capital gain realized by the Fund as a result of the transfer of bitcoin on the redemption of Units were designated by the Fund to a redeeming Unitholder, the Unitholder would be required to include in income the taxable portion of the capital gain so designated. The cost for tax purposes of bitcoin acquired by a redeeming Unitholder on the exchange or redemption of Units will generally be the fair market value of the bitcoin at that time.

Taxation of Capital Gains and Capital Losses

One-half of any capital gain realized by an investor and the amount of any net taxable capital gains realized or considered to be realized by the Fund and designated by the Fund in respect of an investor will be included in the investor's income as a taxable capital gain. One-half of a capital loss will be an allowable capital loss realized by an investor that will be deducted from taxable capital gains subject to and in accordance with detailed rules in the Tax Act.

Taxation of Registered Plans

In general, the amount of a distribution paid or payable to a Registered Plan from the Fund and gains realized by a Registered Plan on a disposition of a Unit will not be taxable under the Tax Act. As is the case for all investments held in Registered Plans, amounts withdrawn from a Registered Plan (other than from a TFSA or a return of contributions from an RESP or certain withdrawals from an RDSP will generally be subject to tax. To the extent Units of the Fund are exchanged by the redeeming Unitholder for bitcoin, or liquidation of the bitcoin of the Fund is not practicable upon termination of the Fund, any bitcoin received by a Unitholder would not be a qualified investment for Registered Plans.

EXCHANGE OF TAX INFORMATION

The Fund is required to comply with due diligence and reporting obligations in the Tax Act enacted to implement the Canada-United States Enhanced Tax Information Exchange Agreement. As long as Units of the Fund continue to be listed on the TSX, the Fund should not have any U.S. reportable accounts and, as a result, it should not be required to provide information to the CRA in respect of Unitholders. However, dealers through which Unitholders hold the Units are subject to due diligence and reporting obligations with respect to financial accounts that they maintain for their clients. Unitholders may be requested to provide information to their dealer in order to allow the dealer to identify U.S. persons holding Units. If a Unitholder is a U.S. person (including a U.S. citizen or green card holder who is resident in Canada) or if the Unitholder does not provide the requested information, the Unitholder's dealer will be required under Part XVIII of the Tax Act to report certain information to the CRA about such Unitholder's investment in the Fund, unless the Units are held by a Registered Plan. The CRA is expected to provide that information to the U.S. Internal Revenue Service.

In addition, reporting obligations in the Tax Act which came into force on July 1, 2017, have implemented the Organization for Economic Co-operation and Development's (the "OECD") Common Reporting Standard (the "CRS Rules"). Pursuant to the CRS Rules, in order to meet the objectives of the OECD'S Common Reporting Standard (the "CRS"), Canadian financial institutions are required to have procedures in place to identify accounts held by residents

of foreign countries which have agreed to a bilateral information exchange with Canada under the CRS (the “Participating Jurisdictions”), or by certain entities any of whose “controlling persons” are resident in a Participating Jurisdiction, and to report the required information to the CRA. Such information will be exchanged on a reciprocal, bilateral basis with the Participating Jurisdictions in which the Unitholders, or such controlling persons, are resident. Under the CRS Rules, Unitholders will be required to provide the required information regarding their investment in the Fund to the Unitholder’s dealer for the purpose of the information exchange, unless the Units are held by a Registered Plan.

RISK FACTORS

An investment in Units is subject to certain risk factors which prospective investors should consider before purchasing Units. Before deciding to invest in Units, prospective investors should consider carefully the risks set forth in the accompanying Prospectus under “Risk Factors” and in the other documents incorporated by reference in this Prospectus Supplement and the Prospectus, as updated by the Fund’s subsequent filings with securities regulatory authorities in Canada.

INTEREST OF EXPERTS

Certain legal matters relating to the Offering will be passed upon by Osler, Hoskin & Harcourt LLP on behalf of the Fund and Blake, Cassels & Graydon LLP on behalf of the Agent. As of the date hereof, the partners and associates of Osler, Hoskin & Harcourt LLP as a group, and the partners and associates of Blake, Cassels & Graydon LLP as a group, each own less than one percent of the outstanding units of the Fund.

The auditor of the Fund is Raymond Chabot Grant Thornton LLP, who has prepared an independent auditor’s report dated September 9, 2020 in respect of the interim financial statements of the Fund as at and for the period ended June 30, 2020. Raymond Chabot Grant Thornton LLP has advised that they are independent with respect to the Fund within the meaning of the Chartered Professional Accountants of Ontario CPA Code of Professional Conduct.

TRANSFER AGENT AND REGISTRAR, CUSTODIAN, SUB-CUSTODIAN, AUDITOR AND ADMINISTRATOR

TSX Trust Company is the registrar and transfer agent for the Units.

Cidel Trust Company is the custodian of the assets of the Fund. The Custodian is a federally regulated trust company based in Calgary, Alberta and will provide services to the Fund from its office in Toronto, Ontario. The Custodian is a wholly-owned subsidiary of Cidel Bank Canada, a Schedule II Bank regulated by the Office of the Superintendent of Financial Institutions. The Custodian will be responsible for safekeeping of all the investments and other assets of the Fund delivered to it (but not those assets of the Fund not directly controlled or held by the Custodian, as the case may be).

Gemini Trust Company, LLC acts as sub-custodian of the Fund in respect of the Fund’s holdings of bitcoin. PURCHASERS' STATUTORY RIGHTS

Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces and territories of Canada, securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that such remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of these rights or consult with a legal advisor.

CERTIFICATE OF THE AGENT
