KEY BENEFITS

- **Trust:** 3iQ was the first investment manager approved by the Ontario Securities Commission (OSC) to act as an IFM/PM of multiple cryptoassets in Canada.
- **Diversification:** Bitcoin has low correlation to some traditional asset classes, offering valuable portfolio diversification & risk reduction.
- **Experience:** Benefit from the experience of a professional investment management team.
- **Access & Liquidity:** Convenient means of exposure to an alternative asset class through the Toronto Stock Exchange (TSX).
- **Registered Plan Eligibility:** Gain access to the returns of bitcoin in Canadian Registered Accounts.

Investment fund regulations restrict the display of performance figures until a fund reaches its one-year anniversary.

DISCLOSURE: The Fund is offered pursuant to a prospectus, which should be read carefully before investing. The prospectus can be obtained from <https://3iQ.ca/the-bitcoin-fund/>. Information contained in the prospectus includes the investment objectives and potential strategies of the fund, and a description of management fees, and other charges and expenses. Certain of the statements made may contain forward-looking statements, which involve known and unknown risk, uncertainties and other factors which may cause the actual results, performance or achievements of the Fund, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. The contents are not to be communicated, reproduced or distributed to the public or press.

There are ongoing fees and expenses associated with owning units of an investment fund. An investment fund must prepare disclosure documents that contain key information about the fund. You can find more detailed information about the fund in these documents. Investment funds are not guaranteed, their values change frequently and past performance may not be repeated.

You will usually pay brokerage fees to your dealer if you purchase or sell units of the investment fund on The Toronto Stock Exchange or The Gibraltar Stock Exchange. If the units are purchased or sold on The Toronto Stock Exchange or The Gibraltar Stock Exchange, investors may pay more than the current net asset value when buying units of the investment fund and may receive less than the current net asset value when selling them.

The securities of the Fund have not been and will not be registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or any applicable exemption from the registration requirements. The final prospectus of the Fund does not constitute an offer to sell or the solicitation of an offer to buy securities of the Fund nor will there be any sale of such securities in any state in which such offer, solicitation or sale would be unlawful.

The Fund is generally exposed to the following risk factors. See the prospectus for a description of these risks: No Assurance in Achieving Investment Objectives, No Listing, Loss of Investment, Fluctuation in Value of Cryptoassets, Concentration Risk, Reliance on the Manager, Reliance on the Cryptoasset Consultant, No Ownership Interest in the Cryptoasset Portfolio, Changes in Legislation, Conflicts of Interest, Valuation of the Fund, Significant Redemptions, Limited Liquidity in the Units, Limited Operating History, Not a Fund Company, Exchange Rate Risk, Liquidity Constraints on Cryptoasset Markets may Impact the Fund's Holdings, Tax Risk, Risks associated with Investing in Bitcoin, Risks Associated with the Bitcoin Network.
